

# Requesting Books From OhioLINK

The State Library of Ohio is one of 88 OhioLINK Libraries. Other than the State Library, OhioLINK is largely made up of university libraries in Ohio that share electronic resources and physical materials. Anyone with a library card from the State Library of Ohio can request and check out these materials. State employees can have these materials delivered to their desks. These materials include books, videos, DVDs, ebooks, eaudiobooks, government documents, journals and microfilm. State employees can also find and access many of our electronic journals through OhioLINK.
