Learn a New Language

Improve communication and customer services skills with a better understanding of cultures different from your own

The State Library of Ohio recently renewed access to a very valuable database just for State of Ohio employees. The Mango Languages database helps you learn a language through self-paced interactive courses. Mango Languages provides a solid foundation of conversation skills, grammar and pronunciation, the core tools to engage in conversation. In addition, to the language, culture notes are sprinkled into each lesson, helping you to connect with a new way of life and gain an understanding of a different culture.

Mango language lessons are taught through conversations, giving an edge in understanding the discourse of your new language. Intuitive popups help you tune your pronunciation with accuracy. Even the most difficult to pronounce words can be mastered with ease. In addition, listen to crystal clear and articulate audio for every word and phrase. Thus you can perfect the accent in no time.

Ask a Librarian

I don't have access to a computer. How can I get a print copy of the 1851 Ohio Constitution along with any changes made until 1871?

Answer:

The Ohio Secretary of State's website has an option to order a copy of the [Ohio Constitution](#) and all of its amendments. The publication is also viewable as a [PDF](#) on the website. We can request the print copy and have it mailed to you.

Did you know?

Over 60 million Americans speak a language other than English at home. 37 million of those people speak a form of Spanish.

[Language Use in the United States: 2011](#)
U.S. Census Bureau, 2013

Record your speech and compare it directly to audio from a native speaker to hear exactly how to tune in your accent. Semantic color mapping reveals the relationship between your native language and the language you are learning, giving insight into the mechanics of the new language. Mango also offers a short list of foreign movies with subtitles.

If you want to get the most out of Mango, you can even follow the [Mango Blog](#) which includes tips and real world examples.

There are currently 52 foreign languages for English speakers, and 17 English courses for non-English speakers. With this wide range of languages, you will be able to choose the best fit for your personal and professional goals. You can access Mango from our website at library.ohio.gov/Marketing/StateEmps.

Don't have a State Librarycard?
[Register for one here.](#)

Do you have results for the Ohio Achievement Test in Reading for my school district's third grade class?

Answer:

The State Library of Ohio has testing reports for standardized tests on CD in PDF format from the Ohio Department of Education. The reports include Public, Private and Non-Public school district testing results for the OAT/OAA and others. We can email and mail results requested. Examples of the tests available can be found in our [catalog](#).
